Complete collection

of compositions for fiddle and accordion by Ian Robertson

Issue 3: January 2026

All tunes copyright Ian Robertson.

These tunes are available for free download, but please credit the composer if you use them

Thank you!

Thank you for exploring my collection of compositions - I hope you enjoy them!

This book is unashamedly a work in progress. In fact, it will always be that. It is simply a way to allow you to download my entire collection of tunes in one go so that you can browse at your leisure. As such (and unlike my published collections), it has no production values, no explanations and no other content. In due course, new tunes will be added to this compendium so that it remains a comprehensive record. I also plan to publish further collections in the same style as my existing books "The Call of Home" and "The Heart of Me". That may take a while, but if you keep up to date with the website (www.ianrobertsonmusic.co.uk) you will be among the first to know!

Please feel free to share these tunes as widely as you wish. All I ask is that you credit the composer when you use the tunes.
